REPAIR MAN IS KILLED BY LIVE WIRES

Cl. Buckley, Warren, Ill., Is Victim Of Electric Shock At Mount Horeb

Charles Buckley, aged 22, of Warren, Ill., employed as a line-man by the Wisconsin Telephone Co., at Mt. Horeb, was electrocuted about 9:30 Sunday morning while repairing a line at the rear of the electric house. He had been called to replace a line which had been put out of order by the storm Saturday night and was carrying a wire in his hand as he walked from one pole to another.

It is believed that the wire, which he held, came in contact with a power line on the pole, completing a circuit and causing his death. He had been working at Mt. Horeb for about four weeks.

The young man is survived by a mother and a sister in Warren, and a brother and a sister living at Waterloo, Minn. The body was taken to the home in Warren Monday morning.

Monona Oil "Mystery" Proves Simply Gas
Madison's Sunday morning mystery, which declared the source of the "globules of oil" which the Blount street sewer turned into Lake Monona Saturday afternoon, before the storm, is explainable. It was reported that if someone would discover the source of this oil, which was not street oil, it might disclose one of the big sources of lake pollution. Saturday afternoon 4,000 gallons of gasoline escaped from a tank car of the Forward Oil Co., suffocating a man, and this oil flowed upon the E. Washington ave. gutter to the Blount st. sewer entrance.

Nebraska Man Named Comptroller General
WASHINGTON—J. Raymond McCullough, Neb., secretary of the republican congressional campaign committee, was nominated Monday by Pres. Harding as comptroller general of the U. S., a position created by the new budget law. S. Parker Gilbert, Jr., of New Jersey, was nominated for the newly created post of under-secretary of the treasury.

Ole S. Norsman Is Improving At Home
Ole S. Norsman, city clerk, who is slowly regaining strength at his home, 609 Howard place, following a stroke of paralysis last Wednesday, was reported to be about the same Monday morning. He attempted to dress and go to the city hall to resume his duties Monday morning but found that he was too weak to walk. It is said that his opinion that his spinal cord is affected.

Judge Smalley Sitting In Circuit Court Here
Judge Sherman E. Smalley of Cuba City is sitting in an accounting case in the circuit court here today. The case is brought by J. C. Harber, Madison attorney, administrator of the estate of Augusta Maish, against Gottlieb Maish to straighten out the claims against the property. Judge Smalley was previously found not guilty of a violation of the corrupt practice act in the suit started against him by Levi H. Bancroft, former judge. Judge E. Ray Stevens of the circuit court is holding court in the superior court room today.

Car Fares Raised In Four Badger Cities
Street car fares in Neenah, Menasha, Appleton and Kaukauna are raised from 5 to 7 cents, by the railroad commission in an order issued Monday afternoon. The Wisconsin, Tra Jan, Light, Heat and Power Co., operates the lines affected. Further provision of the order establishes that eight tickets may be purchased for 50 cents, good for any 7 cent ticket, while 12 tickets for \$1 will be good for any 10 cent ticket. The order takes effect in three days.

"POLITICAL BONER" IS PHRASE APPLIED TO SEN. CLARK'S TALK

La Crosse Senator Blamed For Bad Break On The Confirmation Of Reuben G. Knutson

Reactionaries in the state are blaming Senator E. F. Clark of Gatesville for pulling a "political boner" that resulted in the confirmation of Reuben G. Knutson of La Crosse for member of the industrial commission.

Incidentally, it is also contended that Senator Clark committed a political blunder that will rise up to embarrass him should he ever run for office again.

Senator Clark endeavored to square himself the day following his break but his remarks were not impressive.

When the governor first sent in Knutson's name Clark made a speech in which it was alleged that he had said that Knutson was "an eighth grader" and that he did not have sufficient education to hold down such an important position. This left an opening for Blaine and the governor took full advantage of the opportunity. He sent a stinging message to the senate resubmitting the name of Knutson with the statement that he wanted to know why a man should be barred from public office because he did not possess a

SENATOR E. F. CLARK

university diploma. He then reminded the senators of the great figures in history who had never had the benefits of an extended education. The reactionary senators immediately saw the political dynamite in opposing Knutson on such a charge and it did much to break down the opposition to Knutson. Meanwhile Clark is being blamed for committing a "bonehead play."

EXPECT 2,000 FARMERS HERE

Record Delegation May Attend "Station Day" On Tuesday

West Hill farm of the University looks like a checker board today in preparation for the arrival of farmers tomorrow, station day. All experimental fields have been labelled and everything is in readiness to explain to the farmers the year's grains, fertilizers, feeding and result in experimenting with breeding.

A year ago 2,000 farmers spent a full day at the farm and an even larger group is expected this year. G. T. Glasco, county agent for Rock County, J. M. Coyner, Jefferson county, J. A. A. Brown, Dodge county, each report that they will be accompanied by large delegations. A large Racine group will accompany R. Sommes, secretary of the Racine farm bureau, and E. A. Polley, director of the Racine Agricultural school.

A drainage demonstration and a marsh ploughing and cultivating demonstration will be special features. Women and children will have a separate program.

Mr. Coyner has challenged all other delegations in a race to be first on hand tomorrow.

L. A. Gordon Speaker At Big Church Meet
Lancelot A. Gordon, assistant secretary of state, left on Sunday morning for Eau Claire where he spoke at the Convention of Pastors and congregational delegates of the Eastern District of the Norwegian Lutheran Church of America. Mr. Gordon is President of the Eastern District Young Peoples Luther League which is to hold a convention in Madison July 21 to 24 inclusive.

Reedsburg Man Held Here Pays \$750 Fine
William Schwartz of Reedsburg who was fined \$750 by Judge Claude Z. Luse in U. S. district court here a week ago, when he pleaded guilty to a violation of the prohibition laws, paid his fine to Sheriff W. H. McCormick and was released from the county jail.

Report Gisholt Co. Sold; Rumor Denied
It was reported Monday morning that the Gisholt Machine Co. had been sold to the Packard Motor Co. of Detroit, Mich. The report was denied to be "a silly rumor," by Carl A. Johnson, president of the company Monday afternoon. "It is the first news I have heard of it," Mr. Johnson said.

MAN ESCAPES AS BOAT BURNS

David Miller Escapes Lake Death By Throwing Motor Overboard

David Miller, 109 S. Hancock st., local sportsman, had a narrow escape from drowning on Lake Mendota Saturday afternoon, when his Evinrude motor set fire to gasoline which leaked from the engine while his boat was several hundred yards from Hog Island. His hands were severely burned before he succeeded in loosening the motor from the boat and letting it drop into the water. J. A. Steinhauer salvaged the motor Sunday morning from about 25 feet of water.

Hold Divorce Suit Open To Hear Criminal Charge

Two divorce actions were begun in Superior court Monday morning. Blanch F. Grenow, wife of Ray H. Grenow, Madison, barber, residing at 110 N. Bassett st., opened suit for permanent separation but the case was held open until criminal proceedings connected with the case have been heard. Sadie Verner started suit against John P. Verner, 146 E. Johnson st., employed by the Gisholt Machine Co. The case was held open.

Kid Winnecke Hits Old Mother Earth Awful Blow Today

The well known earth got a stiff slap in the face between the hours of 3 and 7 a. m. on Monday.

The slap was delivered by Kid Pons-Winnecke as he swished his tail in a sinuous 2,000,000 swirl through the heavens.

The Kid, by the way, is a comet and his foot work is said to have that of either Carpenter or Dempsey backed off the boards.

Astronomers declare he prances around the inter-spectral roped arena at the rate of 42,000 miles an hour. The Kid landed one swift punch on Battler Earth's frontispiece, causing the latter to see a few stars, after which the challenger fled toward his own far corner. The comet was not visible to the naked eye. The Kid delivered his blow from a distance of some 12,000,000 miles. A meteoric shower is expected to be visible about June 28. The shower is caused by the comet.

CHANGE MADE IN THE STATE SCHOOL DEPT.

Cary, Alexander, Cook and Gosling Leaving; Anderson Is Named To Assistant's Place

With the announcement of the appointment of C. J. Anderson of Stoughton as assistant state superintendent, word came today of several coming changes in the state superintendent's office.

C. P. Cary, retiring superintendent of public instruction, who leaves office July 3 to make way for John Callahan, new superintendent, is being mentioned as a probable selection for the presidency of Carroll college of Waukesha. The school now has no executive board.

Carter Alexander, assistant superintendent, to be replaced by C. J. Anderson of Stoughton, is unsettled in his plans, although, it is said that he has been mentioned for the presidency of the University of Missouri. He will teach at the summer school at the University of Chicago. Louis Cook, head of the department devoted to training of exceptional children, is leaving the office to take a position with the Northwestern Mutual Insurance Co. here.

Mr. Cary has been identified with the schools of the state for over 18 years as superintendent.

The position of T. W. Gosling, high school inspector, who resigned to become superintendent of schools in Madison, may not be refilled. Gosling is now on a vacation in Wyoming.

ZILISCH HEADS WAR VETERANS

Madison Man Is Elected Commander At Baraboo; Other Officers

C. A. Zilisch of Madison was elected department commander of the United Spanish War veterans of Wisconsin at the 22nd annual encampment held at Baraboo June 23-25. Over 300 people attended the meeting and it was one of the most enthusiastic conventions ever held. Madison officers elected are: C. A. Zilisch, department adjutant; A. Schmitt, department quartermaster; Joe Schmitt, musician; Mrs. C. A. Zilisch, president of the auxiliary. Others are: A. T. Leden, junior V. D. C. of Superior; George Herzog, chief of staff, Racine; Clinton C. Price, judge advocate, Milwaukee; Martin G. Kany, senior vice department commander, Oshkosh.

Madison Boy Held On Grand Larceny Charge
Willard Peterson, driver, son of P. R. Peterson, 36 S. Mills st., will be given a preliminary hearing in Superior court Tuesday morning charged with attempted grand larceny. John Schmitt, 204 Marion st., alleges that he tried to steal an automobile tire. The young man pleaded not guilty in court Monday and his father furnished his bail of \$500.

Civil Service Men Hit Part Of New Dry Bill

Frank E. Doty, former secretary of the Wisconsin Civil Service commission and now secretary of the Los Angeles County Civil Service Commission, is in Madison to-day. Mr. Doty came to Madison with John A. Hazelwood, secretary of the civil service commission, both having attended the convention of civil service commissioners held at Minneapolis last week. Mr. Hazelwood succeeded Mr. Doty in 1918.

Both Mr. Hazelwood and Mr. Doty criticized the provision in the dry enforcement law just passed by the legislature exempting prohibition officials from the provisions of the civil service law.

"Federal enforcement has been wrecked on this very proposition," said Mr. Hazelwood. "Federal prohibition officials were exempted from civil service and a national scandal has resulted."

Mr. Doty said that in California there had been much disgust with the federal enforcement law because the officials were not the high type of men that would have been selected under civil service. That civil service is stronger than ever was the contention made by both Mr. Hazelwood and Mr. Doty following the reports that were made to the Minneapolis convention.

BLAINE SIGNS DOG TAX BILL

Much Red Tape Said To Be Eliminated From Measure

The Olson dog license law, lowering the tax from \$5 and \$3 to \$2 and \$1, was signed by Governor Blaine today. The dog license law is modified under the new act, and much of the red tape in connection with collection of the tax is said to be eliminated. The dog tax bill was subject to controversy throughout the entire session, having been one of the first measures introduced. At one time the whole law was repealed, only to have it revived and finally passed.

Believe Fire Hides Murder Of 11 Victims

BULLETIN. (By the Associated Press)

MAYFIELD, Ky.—County authorities Monday were working on the theory that Ernest Lawrence murdered 10 persons in his farm home near here Saturday night, drenched the house with oil, set it on fire and then killed himself. Investigation has revealed, it was announced Monday, that Lawrence following a clubbing years ago, suffered from "spells" and the sheriff believes Lawrence's illness suddenly had developed into a fit of insanity.

(By the Associated Press)

MAYFIELD, Ky.—The bodies of five adults and six children were found in the ruins of the home of Ernest Lawrence, a farmer living about seven miles from here, which was destroyed by fire on Saturday at midnight. There were indications that the dead may have been the victims of foul play and at a coroner's inquest held here on Sunday a "non-committal" verdict was returned. The dead are Ernest Lawrence, his wife, and three children ranging in age from 11 months to 5 years; Otis Drew, his wife, and three children ranging from 4 months to 4 years; and Delmer Drew, 25 years old. Lawrence and Otis Drew were brothers-in-law and the Drews were brothers. An examination of the bodies showed that one of the women bore wounds that seemed to have been made by some sharp instruments. The dress of the infant which this woman is thought to have been holding in her arms was drenched with blood.

BLAINE ASKS STATE DEPT. FOR FIGURES

Executive Wants Comprehensive Tabulation On Condition of Finances; Message Later

Gov. Blaine has gone directly to the secretary of state to find out the state's financial condition before preparing his expected message to the legislature, which it is believed will demand that some tax measure be passed before adjournment. It is now believed that Gov. Blaine will call the legislature back.

The board of public affairs which is charged with making the financial budget, and is the official department dealing with state finances, was not approached by the governor. The board worked with the finance committee and accepted its report stating that additional revenue was not needed during the next biennium should the Hirst highway bill pass.

Work will be started by the secretary of state tomorrow when the fiscal year closes. Actual expenditures and balances can then be determined, the only estimate being the possible revenue to be derived from receipts during the next two years.

At least two days will be required for the tabulations making it impossible for the governor to have any communication ready for the legislature when it reconvenes on Wednesday. The message is expected next week or the week following. From conservative estimates now available it appears that the state will be short at least \$3,000,000 during the next biennium. This is taken on the basis of the finance committee report which admittedly was optimistic, with the addition of \$1,750,000 which the defeat of the Hirst bill has made necessary.

On June 18 the general fund had slightly over \$3,100,000 available, amount somewhat lower than had been expected.

PEACE MOVE IS COMPROMISED

Formal Acceptance Of Agreement Expected Tuesday

WASHINGTON—Terms of a compromise agreement on the Knox-Porter resolutions to end the state of war with Germany and Austria have been settled, republican leaders said Monday, and formal acceptance is expected at a meeting of the conferees Tuesday.

WASHINGTON—Prohibition leaders asserted they were certain of the passage of the Wilcox-Campbell anti-beer bill.

after the return of Sen. Knox, author of the senate peace resolution. Chairman Lodge, and Porter of the senate and house conferees were reported to have discussed Monday the compromise draft which was said to be satisfactory to both sides. The conference compromise is said to embody adoption of the provisions of the house resolution declaring a state of peace instead of repealing the war declarations, and addition of provisions of the latter reserving American rights to German property and privileges under the peace treaties.

Legislative action on the Curtis-Nelson bill to add about \$25,000,000 to the capital of federal farm loan banks, for long term loans to farmers, was completed today with acceptance by the senate of the house reduction from \$50,000,000 to \$25,000,000. The bill now goes to the president.

The house Monday passed the Robison road bill, designed to keep highways improved by federal funds in good condition. The vote was 266 to 77.

Arrest Carl Anderson For Threatening Man
Carl O. Anderson will be arraigned in Superior court Tuesday, charged with making dangerous threats to E. Halverson. Both men are Madison residents.

"Frameup" Says Local Business Man About Case

Has Meyer N. Kahn, manager of the Standard Fur Co., been made the victim of a frameup at the hands of a woman enraged because he had her arrested?

When brought to Madison on the charge of having disposed of a coat belonging to the Standard Fur Co. Miss Dvorak alleged that when Kahn went to the Majestic theater to talk the matter over with her that she attempted to make love to her.

That the charge is false was the statement made today by Louis St. Pierre, manager of the Majestic. Mr. St. Pierre stated that when Mr. Kahn came to the theater that he accompanied Mr. Kahn to Miss Dvorak's dressing room as was always done under the rules of the house. Mr. St. Pierre states that the door to the dressing room was open and that himself and a stage carpenter were present while Kahn was present.

"Nothing took place such as Miss Dvorak stated," said Mr. St. Pierre today. "I believe that this is simply a frameup against Mr. Kahn to get back at him for having had Miss Dvorak arrested. It is an injustice to Mr. Kahn."

On the day of the trial after Miss Dvorak had made her statement against Mr. Kahn word was sent out for St. Pierre but he could not be located in time to testify. It is understood that he will testify in favor of Mr. Kahn when the case is called in September.

WAGES CUT ON 210 RAILROADS

\$400,000,000 Slash Ordered Today By U. S. Labor Board

(By the Associated Press) CHICAGO—The U. S. railroad labor board today extended its wage reduction order, effective July 1, to practically every large railroad in the country. No change from the 12 per cent reduction granted 104 carriers in June 1, was made. The board's order today covered 210 roads.

Today's reduction order involved practically all classes of employees on virtually every railroad known as a class 1 carrier which was not included in the board's original reduction order. The class 1 group includes every big road in the country.

The new wage decision will make a reality of the estimated \$400,000,000 annual savings expected when the board's 12 per cent cut, effective July 1, is applied to all employees on all railroads known as class 1 carriers.

When the reduction order was issued, it was estimated that, if applied to all employees on all class 1 roads, it would lop approximately \$400,000,000 from the country's railroad labor bill. The new decision will make this cut possible.

Following the 12 per cent reduction which was generally unsatisfactory to the roads, the carriers returned to the board with added insistence that the 1920 wage award be wiped out. The board, however, was not inclined to change its scale of reductions determined in the June 1 decision, and merely added to that decision employees involved in subsequent hearings.

While no definite returns have been announced from the referendum being taken by all the railway unions on acceptance or rejection of the 12 per cent cut, it was expected that conferences here on July 1, would agree to accept the board's decision.

BLAINE HITS AT BUREAUS AS WEDGES

Opposes Policy Of Establishing Bodies Within Existing Boards; Sends 3 Vetoes

Gov. Blaine today took a stand against the establishment of any more commissions or boards at the capitol through the subterfuge of calling them "bureau."

Wisconsin will be deprived of the "finger" print bureau which the legislature would have established his veto power today. The governor refused his approval of the proposal on the ground that it would create an additional board within a separate department.

"Unless there is some pressing public necessity for the establishment of bureaus within existing boards, I vigorously protest against this method of increasing the expenses of state government," the governor says in his message.

"There is no crying need for the legislation proposed, and there is sufficient power in the Board of Control to do all that this bill does, so far as there is a public necessity therefor."

"By way of emphasis I want to state that I look with disfavor upon the creation of additional tax-consuming agencies."

The final remnant of the program mapped out by the legislature committee for consolidation and elimination of boards and commissions, which alone of seven bills, reached the governor, was vetoed by him today.

This measure would have changed the wording of the statute calling for appointment of state officials "by and with the advice and consent of the senate" to the words "subject to confirmation by the senate."

"The bill is neither helpful nor harmful," Gov. Blaine says. "It serves no purpose, except the possibility of legislative postponement. The net result of the change is merely to cause to be revised, at an additional expense to the state a score or more of sections, without accomplishing any useful purpose."

The governor also vetoed Bill No. 413 S., authorizing any city, however incorporated, to pay the expenses of any recount proceeding.

Reformer Tries To Stop Champion Bont
ATLANTIC CITY, N. J.—Clinton N. Howard, secretary of the International Reform Bureau, left here Monday for Camden, where he said he would seek an injunction to prevent the Dempsey-Carpenter fight. If he fails to obtain such a writ Howard said he would appeal to the supreme court at Trenton.

Governor For Fight
JERSEY CITY, N. J.—Gov. Edwards Monday declared that any attempt to stop the Carpenter-Dempsey fight would be a waste of time. "Of course, I don't know what Mr. Howard may have up his sleeve," said the governor. "This exhibition will be conducted strictly according to law. I am sure of that."

Harding Calls Meeting To Discuss Budget
WASHINGTON—President Harding will preside at a meeting of all government officials dealing with preparation for estimates of expenditure for congress. The meeting was called Monday at the direction of the president by Charles G. Dawes, director of the budget. Those included are the secretaries of the executive departments and assistant secretaries and heads of various independent commissions and bureaus. Mr. Dawes said the conference would be a preliminary step toward coordination of government expenditures.

DE VALERA TO MEET GEORGE, SAYS REPORT

Believe President Will Accept Invitation; Force Will Follow Refusal, Claim

(By the Associated Press)
LONDON — Belief that Eamon de Valera, "President of the Irish Republic" will accept Premier Lloyd George's invitation to come to London for a conference with the government and Premier Craig of Ulster, designed to bring about a settlement of the Irish problem, is expressed in reports from Dublin.
In the event that de Valera refuses the Premier's invitation, it is generally believed the government will make preparations for a vigorous campaign to suppress Sinn Féin activities in the west and south. Troops which should be used for this purpose are constantly arriving in Ireland.
In some sources it is predicted that British soldiers may be needed to hold de Valera's headquarters in London, as it is held he will be unable to stop the activities of Sinn Féin without British help.
Moderate Sinn Féiners are reported anxious that de Valera accept Lloyd George's invitation. It is said, they can see no possibility of ending the conflict under present conditions and that they fear terrible results if an intensified military campaign is begun as a result of rejection of Lloyd George's overtures.

LABOR DEMAND TAKES SLUMP

Big Falling Off In Demand For Common Labor, Report

A great falling off in demand for common labor is noted by the industrial commission in its report during the last month. Placements of common labor this year by the 11 free employment offices for the month of May totaled 586 compared to 1,406 a year ago.
The 11 offices in May referred 9,992 applicants to positions, and in 1920, when 9,395 applicants were referred.
Placements of women greatly increased this year, while those of men fell. There were 1,908 women established in jobs in May, compared with 1,095 in that month a year ago, while the decrease in the number of placements of men fell from 6,298 to 3,418.
Factory work has fallen off largely, the commission found, while farm work has almost doubled, amounting to more than all placements made with factories of the state.
The number of domestics in demand has gone up, with 409 placements during May of this year, compared to 290 a year ago, with the number of women placed in usual work jumping from 174 in May, 1920, to 1,214 in May, 1921.

BADGER CROPS NEED MOISTURE

Excessive Heat Causes Injury To Fields, Is Report

Rain is the great need of Wisconsin crops as a result of the excessive hot weather during the past week, Joseph A. Becker of the cooperative crop reporting service, says. All crops except corn and potatoes have been injured through lack of moisture.
Small grain is said to be ripening prematurely, while hay and pastures are burning up for lack of rain, with this condition especially severe in eastern and southeastern counties.
Rye is fairly well filled, but winter wheat is light and attacked by rust, according to the report. Spring grains are filling rapidly and at an unusually low height and are showing the effect of rust in the southern counties. Rain is badly needed to insure filled grain, with some of the fields in northern Wisconsin badly lodged.
Corn grew rapidly as a result of ten days of "corn weather," the report states, adding that the fields are clean of weeds because of uninterrupted cultivation. Some acreage in southern Wisconsin is spotted but in other sections the stand is reported as good.
Potatoes are said to have suffered little from the heat. They would be greatly benefited by rain. Early varieties are now in blossom, and late varieties practically all planted. Leaf hoppers are reported doing damage to the crop but small compared to last year.
Hay cutting which goes on generally is bringing a light yield. Alfalfa cutting has shown a heavy crop.
Planting of tobacco is being done without interruption, with the early plants well cultivated and in good condition. Rain will soon be needed to insure steady growth. The stand of sugar beets is but fair, the report says.
The harvest of early canning peas has been hastened by hot weather, and is nearly completed in southern and eastern Wisconsin. The yield is said to be greatly reduced. Late varieties are maturing prematurely with very poor yield in prospect unless rain falls at once.

Mr. and Mrs. J. F. Jordan Monro st., are at Hoboken beach for an outing.

She was recently appointed by Speaker pro tem Walsh to preside and she occupied the chair for a half hour.

TRUCK MEN HERE TO ASK BLAINE VETO

Delegation Will Come Tomorrow To Plead Against the Measure Restricting Loads

A big delegation of truck owners and truck drivers will arrive in Madison tomorrow to ask Gov. Blaine to veto a bill passed by the legislature which would restrict loads including weight of trucks to 12 tons on Class A highways and 7 tons on Class B highways.
The Transportation association of Wisconsin has petitioned Gov. Blaine to veto the legislation, at a protest meeting in the Association of Commerce rooms in Milwaukee. Copies of the petition will be circulated among every truck driver and allied industry in the state. A delegation will confer with the governor Tuesday. If the governor fails to veto it, the act will be fought as unconstitutional before the supreme court.
"In the immediate vicinity of Milwaukee it would eliminate 512 trucks costing \$15,600,000 and throw hundreds of men out of work, many of whom mortgaged their homes to provide transportation during the war in answer to the government's appeal when railroad transportation was chaotic," said George McLean of Milwaukee.
Other speakers asserted that it would eliminate the shipment by truck of household furniture, groceries, milk, gasoline and oil and building materials running into millions of dollars and would result in increasing the cost of living.
A. R. Hirst, state highway commissioner, was assailed as "an automaton, Me-and-Gott individual, who doesn't know what he is talking about and who is at least 10 years behind the times," by C. R. Collins, secretary of the National Association of Commercial Haulers. Mr. Hirst is said to have endorsed the bill because of its supposed protection from heavy trucks. Mr. Collins described the cushioned highways of Oregon, which, he said, were wider than those here, were used in inclement weather nine months out of 12, held 12-ton trucks and yet cost less than Wisconsin's concrete highways.

Farm Bureau Holds Meetings In Berry

The Dane County Farm bureau has arranged for two local farm bureau meetings to be held in the township of Berry during the first part of this week. These will be addressed by Charles A. Peterson, president of the Wisconsin Dairyman's association, who is to explain the organization of the farm bureau. The first meeting will be held at Lochner's hall, Marxville, Monday, at 8 p. m. The second will be at Meyer's hall, Cross Plains, Tuesday, at 8 p. m. The drive as conducted for members in Black Earth and Mazomanie townships has resulted in securing over 90 members. Chris J. Schroeder, secretary of the Wisconsin Farm bureau federation, was at a preliminary meeting called by the farmers of Green county at Monroe and helped organize the Green County Farm bureau. Ira Pierce of Monticello was elected temporary president, and J. Ray Gibbons of Monroe, temporary secretary.

Roxbury Parish To Hold Diamond Jubilee

The St. Norberts congregation of Roxbury will hold a big homecoming celebration and diamond jubilee at St. Norberts park Roxbury, July 3 and 4. The celebration promises to be the biggest ever held in that section. An elaborate program which includes music by the Martinsville band; games and sports of all kinds; an address by Judge Martin Loeck, free refreshments, the giving away of a Ford touring car and other valuable prizes, fireworks, and a big dance will complete the celebration on July 4. The diamond jubilee will be celebrated with appropriate services Sunday, July 3. All former parishioners are urged to attend the coming celebration.

We are pleased to call the attention of Wisconsin investors to the above list which represents the payment of interest and principal due July first, 1921, to the clients of this company. The Madison Bond Company renders as a part of its service the collection of interest and principal on bonds we have sold.

Disregarding maturing bonds this company disburses each year in interest alone to Wisconsin investors in excess of one million dollars. These interest payments represent a like increase in the state's wealth each succeeding year.

We have available for delivery at the present time tax-secured municipal obligations to net the investor from six to seven per cent per annum and maturing in from two to twenty-two years. The opportunity of presenting our issues for your consideration will be greatly appreciated.

2 HOTEL HEADS TO CONVENTION

John Rigby And H. H. Hile Favor New Bill Up At Meeting

A convention of hotel men will be held in Chicago, July 10-12, at which 12,000 hotel men throughout the country are expected to attend. One of the important questions to be taken up is, in regards to petitioning state legislatures to pass a law making registration under a false name punishable by imprisonment.

H. H. Hile, manager of the Belmont hotel in this city, stated that he may attend. He will do everything in his power to help push such a motion through. John Rigby, manager of the Park hotel, will attend the convention. He stated that hotel men throughout the country had been trying to get legislation against registration under a false name but without much success. Mr. Rigby believes that after the motion is adopted at the convention this year by 12,000 hotel men that it will be taken up by state legislatures.

VAN KEULEN WINS SIX MILE RACE AT PYTHIANS' OUTING

Water Events, Foot Races And Ball Game Feature Annual Outing

The Pythian Yacht Club held its annual picnic Sunday at Bernard's Park. Admiral Wiley, in his flagship, the Kangaroo, patrolled the waters during the races, keeping the course unobstructed from the large fleet of smaller craft. The forty-foot boat class race over a six mile course was the big event of the day, and was won by Van Keulen, who was captained by Walter Van Keulen. The Maurest boat came in second, while the J. Honmedieu's "Tin Wizard" took third prize. "The Tin Wizard" was one of the new types of boat with a metallic hull was captained by a remarkable skill in handling this craft. At the finish, the boats were very close, and Miss Spahr, commanding the Morgan, entered the race, to their feet, by pressing the winners after she got away to a bad and late start due to engine trouble. The Hones entered "Never Stir" also participated.

In addition to the water races there were several foot races and a ball game. The 50-yard dash for boys from 6 to 10 years was won by Herbert Cohn, while Edward Kohn won second prize. The race for girls from 11 to 16 was captured by Solida Burkett. The ladies race was won by Miss Spahr, while Miss Caesar received the first prize in the "open race" for ladies. In the girls 100-yard dash, Joe Pearson managed to break the tape ahead of Bob Sullivan who came in second.

A regular old time ball game concluded the afternoon's program. Dr. Risley's Pythians tried to defeat M. Lofstedt's Pair O' Aces aggregation, but in the ninth inning when the score was tied, the game was called on account of darkness.

Burden of Armaments Is Growing No Less

WASHINGTON—The burden of armaments grows no less. The senate has voted the navy \$494,000,000 for the next fiscal year, and should the amount be decreased by conference to the \$393,000,000 the House there would still be a sign of that economy of which the country has heard so much. One may look for it in vain in the appropriations being voted by the 67th congress. We have been told we are not preparing to fight any other country; that armaments are built only for self defense.

The taxpayer is asking why it is necessary to make this burden of armaments so great. Since there is an admitted need for economy why is not this the time to practice it? Is there somewhere a lack of sincerity in the pacific protestations of our legislators?

Perhaps the Japan Chronicle is right. "It is the big nations," it quotes from a recent article on defense in that organ, "which always are in a state of nervous trepidation, and who see an enemy lurking behind every bush. Why do countries like Holland, Norway, Sweden, Denmark, and Switzerland, feel peacefully secure while, to judge from

the newspapers, people in heavily armed countries like France, England, the U. S. and Japan cannot sleep at night because of the perils that surround them? The only explanation that seems to make sense is one that runs counter to all the assurances of armament-makers and armament-defenders. Conscience, we are told, doth make cowards of us all. Can it be possible that all this talk of self-defense, of preparation against impending attack, of the necessity of being three-armed, not in the justice of our cause, but in good solid weapons of steel, is a mere camouflage? Is it in reality the insignia of the predatory State, based on the good old rule, the simple plan, that they should take who have the power, and they should keep who can? We are afraid there is a good deal to be said for this explanation."

When the humble citizen in the U. S. sees promises of economy followed by appropriations of millions for greater and greater armaments for "self-defense" he has to admit that in our own case the explanation has a good many facts to back it up.

PROBE ASKED BY LA FOLLETTE

Asks Investigation Into Charge of "Soviets" In Navy

WASHINGTON, D. C.—The action of Secretary of the Navy Denby in relieving Capt. Charles D. Stearns, U. S. N., from the command of the battleship Michigan for authorizing what had been described as a "naval soviet government" on that vessel, was brought up in the senate on Friday by Sen. La Follette.

The Wisconsin senator asserted that the action of Capt. Stearns was in accord with American democratic principles and in a resolution he asks for an investigation of the incident by the committee on naval affairs.

The La Follette resolution reads: Whereas, it is reported in the public press that a captain of the United States navy has been removed from his command and transferred to an inferior station by order of the secretary of the navy as punishment for having conferred with a committee of enlisted men:

Resolved: That the committee on naval affairs of the senate be directed to investigate this case and report to the senate regarding the entire system of discipline in the navy, and ascertain from the officers and enlisted men of the navy, as well as from the secretary of the navy, their views regarding the purposes and results of the system of committees of enlisted men.

The introduction of the resolution caused no debate. It was referred to the committee on naval affairs.

No Action Taken On Memorial Hospital

Appointment of the committee to investigate and decide on the site for the new soldiers' memorial hospital has not yet been made by Gov. NEW BRIDGE IS DEDICATED

Gov. Blaine And City Attorney Ryan Speak At Prairie du Sac

Gov. John J. Blaine and City Attorney Ryan were at Prairie du Sac Saturday where they were speakers at the dedication of the new bridge across the Wisconsin river.

The new bridge is of the steel plate girder type and cost \$172,000 borne jointly by the state, Columbia and Sauk counties, Prairie du Sac and the town of West Point. It is 1426 feet long and has 16 concrete piers. The roadway is 20 feet wide. The Wisconsin river being under federal jurisdiction and a navigable stream under federal rulings there is a draw in the bridge 75 feet wide.

The new structure is one state trunk highway No. 60 and connects Prairie du Sac and points westward with Lodi, Columbus and points eastward.

A view from the new structure is a study in the progress of bridge building. Just below it is an old wooden truss toll bridge built in 1848 which the new bridge supercedes. Sauk City, not over a mile away, is a steel toll bridge built by the village of Sauk, the next step in bridge engineering.

MITCHELL HAS WHAT YOU PREFER

(according to E. A. Cullen's report)
Instructor in Psychology at U. of W.

Dependability

Thousands of owners praise the transportation they daily enjoy through the Mitchell dependability.

Durability

The Mitchell frame for instance, is extra strong. This is the only car we know of, at any price, which has braced cross members, thus giving great durability.

The famous Mitchell cantilever rear springs are noted for the fact that of the thousands in use not one has ever been reported broken.

Only the knowledge derived through years of experience has made possible such advanced automotive construction and the enduring quality so evident in 1921 Mitchells.

Economy

The Mitchell object, as we've long proved, has been to build a most enduring SIX. A SIX that will keep its newness, cut down service, upkeep and operating costs.

Control

Like costlier cars the front weight of the Mitchell is suspended on ball bearings on the steering knuckles. This is a feature that brings easiest handling and control.

Comfort

Whether about town, enroute, or over "rough going" road conditions, comfort is assured through the long wheelbase; wonderfully resilient cantilever springs and deep, genuine plaited leather upholstery.

Power

The Mitchell made engine possesses a smooth flow of power—extremely flexible—responsive to every need, either for a quick get-away or when throttled down to a minimum.

Ease of Operation

The beginner drops into the Mitchell seat and soon becomes an expert driver because of the ease of operation, and good brakes.

Flexibility

Through traffic, slower than any other car made, glides the Mitchell on high, a slight touch, and the motor responds to a quick getaway.

Free From Vibration

At less than a mile an hour on high to sixty miles an hour no vibration is noticed, so well balanced is the Mitchell.

Service

Today, thousands of owners praise the transportation they daily enjoy, through the Mitchell dependability that is so unfailing under all conditions; they appreciate that their investment has been made in a car that is so much more to them than a mere machine.

Low Cost

The lowest priced FINE SIX on the market today.

Beauty

Mitchell, a happy creation of genius—beauty being combined with utility.

MRS. HARRY L. POTTER IS GRANTED DIVORCE; OWNED AN AEROPLANE

Wife of Manager Of Valvoline Oil Co. Is Given a Decree a Month Ago

Mrs. Harry L. Potter has been granted a divorce from Harry L. Potter, manager of the Valvoline Oil Co. The divorce was granted about one month ago but nothing was given out by court officials.

It is understood that Mrs. Potter has been awarded the custody of her children.

Mrs. Potter is well known throughout the state as the owner of an aeroplane which appeared at a number of county fairs.

The divorce was granted by Judge S. E. Smalley, at Burlington. The grounds were cruel and inhuman treatment.

Mrs. Potter was granted alimony.

BRITISH MINERS BACK ON JOB

Defends Stand On Case At Progressive Meeting

Defending her position in the Bancroft-Smalley case, tried recently at Lancaster, and pointing out alleged inconsistencies in Bancroft's political career, Miss Ada James of Richmond Center spoke late Saturday afternoon before members of the Women's Progressive league at the Woman's building.

"It is flattering to our organization and to me," said Miss James, "to be accorded entire credit for having caused the defeat of Judge Bancroft; but it is quite unfair. Four organizations were active in keeping him out of the office; the Anti-Saloon league, W. C. T. U., prohibition party, and Wisconsin Woman's Progressive association."

Miss James indicated Smalley of responsibility in compiling of libelous pamphlets concerning Bancroft. In answer to the charge of the state that the leaflet published by her was a violation of the corrupt practices act because of the fact that it was unsigned, Miss James explained that political pamphlets printed by Mr. Bancroft were on the same ground, and that he would be liable to the same law in any court.

Why Women Clerks Are In Big Demand

CHICAGO — A surplus of men clerks and not enough women clerks to supply the demand was the situation today in the Illinois free employment bureau which gave the following reasons: Women don't cook their feet on the desk and criticize the boss, they don't waste 30 minutes a day scanning the sport pages; they don't leave the office at intervals to smoke a cigarette, their relatives are never indisposed when the "home team" is in town, they do not gather in groups to gossip, they don't swear, they don't flirt, they don't boast and they work assigned and efficiently."

GIRL IS HEAD OF CITY GOVERNMENT

Miss Florence Bahman.

NEW YORK—Running a village is not extremely hard work, says Miss Florence Bahman clerk of Seal Cliff, L. I. By the resignation of the village president and trustee, Miss Bahman has automatically become the governing head of Seal Cliff, whose population numbers 2,000. She says:

"It isn't hard work to run Seal Cliff, because it really isn't any work. I came into this seemingly important position simply because President Dickie disagreed with the two trustees, Frederick Judd and Charles R. Wanser, on the matter of road construction. "The president wanted the \$15,000 appropriation to be given away in contracts for the roads, while the trustees wanted the village to do its own construction work. They simply wouldn't agree, and when the village found them at loggerheads, a meeting of the citizens was called for May 16."

"Throughout all this I took no active part in the discussion, for although the other village officers are elected, I am appointed, and act simply as a sort of secretary. "On May 16 the taxpayers saw that no agreement could be reached on the subject of the roads, and some one suggested that the officers resign."

Dickie resigned immediately, but the trustees waited until some important village business was expected. They then got out."

Now Miss Bahman is in sole possession of the village hall offices with the whole weight of village administration on her hands.

Miss Bahman who is young and good looking, has denied that she would run for president at the forthcoming election.

Rainfall Saves State Crops, Says Report

Rain, which covered Wisconsin Sunday night and fell over the entire central and northern plains revived suffering crops and means millions to the agricultural interests of the country, according to the U. S. weather bureau at the university. Prof. B. D. Leith, college of agriculture, reported all but early planted grain in need of rain. Grain is generally stunted, corn is fair but was in need of rain, according to Prof. Leith. He said the rain would interfere a little with haying, and arrives too late to help the hay crop, which is light. The average rainfall for Madison and vicinity was 5-10 of an inch.

"Dressed as Boy Just to Get Job," Says Girl Seized as Bad Bandit

MILWAUKEE, Wis.—The career of Freddie Smith, alleged bandit, gunman and soldier of fortune, is ended. In his place is Miss Sophie Derdzanski, a very anxious young girl. The difficulty confronting a girl in search of a job was the primary reason for Sophie taking to men's garb, she explains.

Coming from her home on a farm near Marinette to Milwaukee, she first obtained employment as a waitress in a downtown restaurant. But the work was hard and the pay small. Then she met Gus Someizk, and it was at his suggestion that she borrowed a suit of his and set forth in search of a man's job. She got it, that of a drill press operator, and she worked at this for a while until slack times came and she was laid off.

Silent About Holdups Of the alleged holdups, she declined to speak, saying only that Gus had gone to work in a lumber camp up north for two months, so as to save money to send for her, when they would be married.

Sophie is being held by police pending an investigation of her alleged activities with her sweetheart, Gus, who, it is charged, perpetuated several holdups with the aid of the girl in man's garb.

The Milwaukee police said the girl took part in many holdup jobs here with her companion.

Makes Handsome Boy When captured at Oconto, the girl carried an automatic revolver. "Are you going back home when you get out of this?" she was asked. "Not until after we get married," she replied, "but what I want to know is 'Where do we go from here?'" she added.

A handsome boy is Freddie—dark-eyed, pink-cheeked and of guileless mien. His nifty haircut is none the less slick about his ears, for a heavy crop of curls was sacrificed to make it thus convincing. To look at him, as he sat swinging his hat in the police captain's office one would have thought him a nice young schoolboy, still conscious of the dignity of his first long trousers. The story of the string of daring holdups for which "Freddie" that is Sophie

night at Bohemian hall, and I flirted with some girls. They looked at me first," he added, hastily.

"So I smiled at 'em and asked 'em to dance—I can lead just like a boy and I kidded 'em along. My friend nearly died laughing. Then sometimes girls on the street would smile at me, too. Girls," here Freddie assumed a disgusted tone, "are awful easy to flirt with, you know."

Sophie declared that all during her masquerade she was never discovered. "At first folks would think my voice was funny, so I learned to talk low—there's nothing to that. Even the sheriff didn't know I was a girl when he pinched me."

—and her pal, Gus-Someizk, are being held, seemed strangely incongruous.

Flirted With Girls "It was fun, in some ways," admitted Freddie, his eyes twinkling in spite of him. "The funniest were the girls. When we were in Milwaukee we went to a dance one

Only Two Teams Relief Report; Obtain \$1,000

On Saturday only two teams reported to the headquarters of the Near East Relief campaign. Norton Williams, Dane county chairman of the Near East Relief, states that he received quite a large mail from the county outside of Mahoning. The amount can not be given yet. It is feared that the total does not exceed \$1,000. Dane county's quota is \$10,000. Mr. Williams stated that he realized that there is business

Ask Mayor To Oppose School Board Measure

An appeal from The Wisconsin League of Municipalities asking that the city of Madison inform Gov. J. J. Blaine that it opposes the Peterson bill, No. 147—8, which recently passed the assembly and which is now in the hands of the governor was received by Mayor J. M. Kittleson Monday from Ford H. MacGregor, secretary of the league. The bill makes school boards separate corporations with power to issue bonds and levy taxes.

"There is no doubt," the letter states, "but that the bill will result in increased local taxes," and adds that this bill is the only bill of great importance that the legislature has enacted adversely to the interests of the cities and the recommendation of the league."

The Lost Needle

THERE'S an old English play known as "Gammer Garton's Needle". Its plot is woven around the loss of the family needle—no trifling misfortune in the days of old.

Today, in this era of ours, life is so rich in comforts that we seldom wonder how folks got along in the ancient world. And we sometimes forget what an important role advertising has played in making life pleasant and altogether livable.

Advertising has one of the leading parts in the eternal drama of dollars. To it is directly due much of the multiplication of products and services which has come about during the last half century.

It has smoothed the mechanics of existence — made life easier and more pleasant by bringing countless necessities — once considered luxuries — within our easy reach and into continuous use.

Think of this when you read these columns. You owe much to advertising.

And you miss much when you fail to read it!

SOCIALISTS HIT DICTATORSHIP

Kill Resolutions Offered By Left Wing At Convention

(By the Associated Press.)
DETROIT—The socialist national convention on Sunday killed three resolutions which sought to define dictatorship by the proletariat as a part of socialist policy and which overwhelmed two others and then passed an issue. A resolution passed last for three and a half hours in a sweltering hall ended with all reference to working class dictatorship barred from the party book.

The fight against inclusion of the dictatorship was waged by Morris Hillquit, Victor Berger, Algernon Lee and Cameron King of California. They branded it as inseparable from the red terror in Russia and declared it was useless to pass policy which never would be called in to play.

The policy toward general and industrial strikes and toward organized labor was up for decision in the convention today.

Left wing communists, who so far have met defeat in all the issues they have put forward, offered a proposal to use the political and general strike as a revolutionary weapon. Centrist and right wing groups were confident this proposal, too, would be defeated and predicted adoption of their own resolution which declared the general strike to be a weapon for the exclusive use of labor organizations.

DETROIT—The national committee of the socialist party convention here, reported the party membership has fallen to 17,000, a decrease of 10,000 from the high mark last year. Four thousand were lost when the Finnish federation withdrew in a body to support the Russian third internationals. Morris Hillquit was elected chairman for the opening day. He has presided over the last nine annual conventions. Mr. Hillquit declared the capitalist governments of the world had sustained a death blow as a result of the war from which they never can recover. Mayor Daniel Hoan of Milwaukee was chosen vice chairman.

NEW ASSAULT UPON DRY LAW

Chicago Distillers Seek To Recover \$500,000 Stored Liquor

(By the Associated Press.)
CHICAGO—A new attack upon the present construction of the Volstead law was filed in U. S. court by former U. S. Sen. James Hamilton Lewis, who recovered whiskey valued at \$500,000 stored in Chicago warehouses.

The plaintiffs are distillers and merchant owners of bonded whiskey. The new assault does not attack the amendment or the Volstead law as invalid but the plaintiffs claim no provision of either measure can apply to whiskey deposited in government warehouses by the direction of the government before either measure was passed, where the goods are now owned by the same owners who deposited the liquors on a contract to have it returned when the government tax was paid.

The principal point raised is the claim that the provision of the constitution against manufacture, referred to manufacture after and not before passage of the amendment.

Mr. Lewis said there was no desire to have the prohibition laws declared invalid merely applied according to his meaning which would avoid confiscation of property.

Postpone Trial Of Actress To September

The trial of Antoinette Dvorak, actress, charged by the Standard Oil Co. with the theft of a fur coat will be held during the September term of court. Miss Dvorak has furnished her own bail of \$500 and left Madison Saturday afternoon to continue her theatrical work. Her case will require a jury.

STOUGHTON—The Holtan Leaf Tobacco Co. is giving their crew of smokers and managers an outing today at Lake Geneva. The second event of the kind with the company, which organized some years ago and acquired the O. C. Lee warehouse, which has been enlarged to double its former capacity. During the winter months there is assorting and packing and shipping of the weed and when the entire purchase from the previous year has been sent to the smoldering begins and this continues all summer. There were twelve auto loads of men and women from that warehouse on the trip today and there will be two more served by the company before returning to Stoughton. A park along the lake is used for the gathering.

Delegates from the Scandinavian-American fraternal lodge left Sunday for Minneapolis to attend the annual meeting which started this morning and will continue for three days. Those to leave Stoughton for the event were Mr. and Mrs. C. O. Onsgard, Mrs. Serstad, Adolph Benson, Christ Bjornethun, Ole Tholo. The society was organized for social and insurance benefits. No. 442, A. [Published June 27, 1921.]
CHAPTER 408, LAWS OF 1921.

AN ACT to create sections 1443c, 1443d, 1447m and 1453m and to amend sections 1441a, 1447 and 1448 of the statutes, relating to cemetery associations.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

Section 1. Four new sections are hereby created, to read: Section 1443c. Upon the legal organization of a cemetery association as provided in this chapter, to take over and control any cemetery organized or controlled by any town, village or city, such town, village or city may convey and transfer by deed its right, title and interest in real property and transfer or deliver all perpetual care of lot funds or similar funds and other personal property to such cemetery association. All such conveyances or transfers heretofore made by any town, village or city to any such association are hereby legalized.

Section 1443d. 1. The board of trustees of any cemetery association, or the board of any town or village or council of any city having a cemetery under its control, may fix and determine the sum of money reasonably required for the perpetual care of the graves and graves thereon and for the general care and improvement of such cemetery, in a reasonable and uniform amount, and may collect such amount from each lot owner, his heirs, assigns or personal representatives in the manner provided by section 1443b after notice thereof has been given as provided in said section directing that such person, heir, assign or personal representative pay such amount to the treasurer of such association, town, city or village.

Section 1447m. Any person, firm or corporation owning or controlling a cemetery, having in its custody or control any trust funds known as cemetery perpetual care funds or funds of like meaning received from any source other than by the last will of a testator, shall, upon demand therefor, transfer said funds to the cemetery association, town, city or village having the management and control of the cemetery wherein the lot is situated, and said funds shall be invested as hereinbefore provided.

Section 1453m. Any lot owner, or his heirs, assigns or personal representative, in any public cemetery in which uniform care of such lot has been given for two consecutive years or more, on which assessments have not been paid, shall, providing notice has been given as provided in section 1443b, pay such delinquent assessments as paid. When any such lot shall have been given uniform care for five consecutive years or more and the assessments thereon have not been paid, under the title to said lot, the lot owner, or his heirs, assigns or personal representative, shall, upon demand therefor, transfer said funds to the cemetery association, town, city or village having the management and control of the cemetery wherein the lot is situated, and said funds shall be managed and invested as provided in section 1443c.

Section 1448m. Any lot owner, or his heirs, assigns or personal representative, in any public cemetery in which uniform care of such lot has been given for two consecutive years or more, on which assessments have not been paid, shall, providing notice has been given as provided in section 1443b, pay such delinquent assessments as paid. When any such lot shall have been given uniform care for five consecutive years or more and the assessments thereon have not been paid, under the title to said lot, the lot owner, or his heirs, assigns or personal representative, shall, upon demand therefor, transfer said funds to the cemetery association, town, city or village having the management and control of the cemetery wherein the lot is situated, and said funds shall be managed and invested as provided in section 1443c.

Section 1447m. Any person, firm or corporation owning or controlling a cemetery, having in its custody or control any trust funds known as cemetery perpetual care funds or funds of like meaning received from any source other than by the last will of a testator, shall, upon demand therefor, transfer said funds to the cemetery association, town, city or village having the management and control of the cemetery wherein the lot is situated, and said funds shall be managed and invested as provided in section 1443c.

Section 1448m. Any lot owner, or his heirs, assigns or personal representative, in any public cemetery in which uniform care of such lot has been given for two consecutive years or more, on which assessments have not been paid, shall, providing notice has been given as provided in section 1443b, pay such delinquent assessments as paid. When any such lot shall have been given uniform care for five consecutive years or more and the assessments thereon have not been paid, under the title to said lot, the lot owner, or his heirs, assigns or personal representative, shall, upon demand therefor, transfer said funds to the cemetery association, town, city or village having the management and control of the cemetery wherein the lot is situated, and said funds shall be managed and invested as provided in section 1443c.

Section 1447m. Any person, firm or corporation owning or controlling a cemetery, having in its custody or control any trust funds known as cemetery perpetual care funds or funds of like meaning received from any source other than by the last will of a testator, shall, upon demand therefor, transfer said funds to the cemetery association, town, city or village having the management and control of the cemetery wherein the lot is situated, and said funds shall be managed and invested as provided in section 1443c.

IT'S JUST GRAND DECLARES THIS LITTLE WOMAN

Troubles Overcome, Strength
Restored And She Feels
Splendid, Says
Mrs. Reed

"I just love to talk about Tanlac and always will because it has done so much for me," said Mrs. Nancie Reed, of 183 6th St., Milwaukee, recently.

"Tanalac has certainly been a blessing in restoring my health, and my next door neighbor is always remarking about the wonderful change it has made in me. I had been suffering for three years from indigestion and nervousness, and finally my health just broke down almost completely. My stomach was simply in miserable condition, and my nerves were so shattered that the least noise upset me. My sleep was broken and restless, and I was so weak I couldn't sweep the carpets or do hardly any of my housework.

"However, I can do all my housework with perfect ease since taking Tanlac, for the medicine has rid me completely of stomach trouble and nervousness, and I have regained my full strength and energy. I sleep like a child at night, and just feel fine all the time. I praise Tanlac from the bottom of my heart, it is certainly a grand medicine."

Swinney, Mr. and Mrs. Lee Greer, Mr. and Mrs. V. Barnes and Prof. and Mrs. T. L. Beurek. Swimming was enjoyed Saturday evening after which the party slept overnight in the tents at the beach camp. They returned home Sunday.

Miss Mabel Winter, Rowley ave., and Miss Frances Ellen Tucker, University ave., left today for Camp Meenahga to act as counselors at the girl's camp at Fish Lake, Door County. They will meet several other members of the party at Milwaukee. The camp is to be conducted by Mrs. A. O. Clark and Mrs. H. Mabley of St. Louis.

Mr. and Mrs. Charles E. Brooks, W. Johnson St. and two children, left yesterday by motor for Eagle River where they will camp during the summer months. They were accompanied by Eugene Bond, a university student.

Mrs. O. J. Campbell, E. Gilman St., left today for Maine where she will stay for the summer. Professor Campbell will leave soon to join here at their outing place.

The paintings of Henry E. Eddy, Massachusetts artist, have been placed in the museum of the historical library for exhibition under the auspices of the Madison Art association. The pictures present principally New England coast views and will remain here during the summer months.

Mr. and Mrs. R. F. Vitense and two sons, William and Richard Jr., Linden Ave., will leave Friday, July 1, for an automobile trip to St. Paul. They will be gone about five weeks. While in St. Paul they will visit their daughter, Mrs. R. J. Lavin, and will also stop at Superior to visit the sister of Mrs. Vitense. They will return here having as a guest, Mr. Vitense's mother, Mrs. John Vitense of La Crosse.

Mrs. E. F. Bean will entertain Wednesday afternoon at a party at her home on College hills in honor of Mrs. M. M. Witwer who is here at her home, and Mrs. H. R. Smith. About twenty guests will be present. Mr. Witwer arrived from Mason city to spend the week end with his wife at the Bean home.

Miss Mac Edgren arrived Friday from Milwaukee and is at the home of her aunt, Mrs. J. E. Lund, Vroon Ave. She was accompanied here by her nurse Miss Hildegard Popel of the Trinity hospital of Milwaukee.

A wedding of interest took place at 8 o'clock Saturday evening at St. Mark's church in Milwaukee when Miss Marjorie M. Grainger was married to John M. Ladlin, formerly of Madison, by Rev. E. R. Williams. The bride's gown was of ivory satin, trimmed with "old lace" and pearls and carried a shower bouquet of white, roses, lavender, orchids and sweet peas. Miss J. Annette Keenan, was maid of honor and wore a gown of pale pink or gandy. The four bridesmaids wore gowns of different colors of organza. The best man was John Davis and Eugene Hotchkiss of Chicago, Ira Fischer of St. Louis, Wallace Cheney and Joseph Copeland acted as ushers. A reception was held at the Episcopal church. The bride and groom will leave on a trip to Ephraim and will be home in Milwaukee after September 1. The bride is a daughter of Mr. and Mrs. Charles M. Grainger of Milwaukee.

'21 graduate, at the home of the bride, Wednesday evening, June 22, Rev. W. M. Czarnashe reading the service. The Lutheran wedding march was played by a string orchestra. The bride was given in crepe Louise and silver lace and satin court, train and carried a shower bouquet of orchids, lilies of the valley and sweet peas. She was attended by the Misses Hildegard Jung and Gertrude E. Reiss, as maids of honor and Misses Helen Jung, Mary Gray and Dorothy McKay of Chicago bridesmaids. Otto Jung, brother of the bride, acted as best man; and Junior Steffen was ring bearer. A reception followed the ceremony and was attended by 125 guests. Mr. Rietow and his bride left on a two weeks' trip to Colorado Springs, and will make their home at Sheboygan after August 1. Mr. Rietow is a son of Mr. and Mrs. W. J. Rietow of Sheboygan and served during the world war with the U. S. base hospital unit No. 22.

Mrs. Neils B. Ruud will entertain at cards Wednesday afternoon at her home, E. Mifflin St., for 12 guests.

Canton Crepe Now Fashions Summer Suits and Coats

By ELOISE

Canton crepe refuses to be put by as the warmer days appear. The frocks which were so much in evidence in the early spring may have given way to gingham and organza, but a little thing like that could not down this lovely material. Now it is being fashioned into lovely capes, suits and coats for midsummer wear. The canton crepe coat is a thing of beauty and it is far more practical for wear over thin frocks on cool summer evenings than any heavy wool coat.

Pictured here is a smart afternoon or street suit fashioned of lovely brown canton crepe bound with self material of a lighter shade. This type of suit is excellent for the traveler, for it may be packed easily or it may be worn on train or boat. Either the tailored blouse or the frilly waist is appropriate depending on the occasion and the coat may be used in place of the new striped flannel skirts. Taken all in all, a canton crepe suit is an excellent investment.

Mr. and Mrs. Eric Hoverland will entertain 150 guests at a dancing party at their home in Cottage Grove, honoring their son and daughter-in-law, and Mr. and Mrs. Elmer J. Hoverland, who were married this morning in Madison.

Mrs. A. B. Drake of Milwaukee, announces the recent marriage of their daughter, Miss Dorothy Drake and Dewey Foster Darnford, formerly of Madison, which took place at the home of the bride, Miss Catherine White, cousin of the bride, was maid of honor and the best man was Harry Darnford, brother of the groom. The bride wore a gown of white satin, trimmed with Chantilly lace. The couple left on a trip to northern Wisconsin and will be at home after July 1 in Milwaukee.

Mrs. William Kneebone, N. Butler St., who was married a short time ago, was married at a shower recently by the Misses Helen Carr and Marjorie Blotz of Dodgeville.

Miss Dora E. Maw, daughter of Mr. and Mrs. A. E. Maw, W. Doty St., and Malcolm B. Roberts of Racine, were quietly married this afternoon at 2 o'clock in Grace Episcopal church by Rev. Hope H. Lumpkin.

Mrs. Irene Fox and two daughters, Misses Leone and Blanche, W. Chester St., left today for a month at River Falls, Wis., and Minneapolis. In River Falls they will be guests of Mrs. Fox's son, Elmer Fox, and friends at Minneapolis.

A basket picnic is to be given on the lawn of the Charles T. Ellis residence, S. Mills St., by the Fifth and Ninth ward circle of Christ Presbyterian church, for members and their families.

The Y. W. C. A. will hold a canoe trip and a picnic on Lake Mendota for any girls who know how to paddle, Tuesday evening at 26:30 o'clock. The girls will meet at the Y. W. C. A. Luncheon will be eaten in the canoes.

Mrs. G. M. Hyde, Roby road, and her son, Prof. Grant M. Hyde, left Saturday for a motor trip to New York city. They will be gone for several weeks.

Mrs. P. H. Doyle Entertains At Lawn Party For Son

MRS. P. H. DOYLE, N. Livingston St., entertained Saturday afternoon at a lawn party in honor of the third birthday anniversary of her 3-year-old son, Laurence. The guests were the Misses Jean Vaughn, Cary Vorlop, Harriet Atkins, Claire Vaughn, Marion Beattie, Lorraine Doyle, Gretchen Krueger, Phyllis Jane Vorlop, and Katherine and Janet Vorlop, Edwin Foye, William Krueger, Willis Dyer, Donald Vorlop, Bobby Link, Joseph Doyle, Emory, Jasper.

Mr. and Mrs. Maurice Stack and daughter, Dolores, motored from Fox Lake Sunday afternoon to picnic at Vilas park. They were met there by Mr. and Mrs. Eddy Coyle, and children, Eileen and Donald, and Mrs. J. H. Coyle with her two children, Marion and Maurice, who had motored from Pine Bluff. The party was the guest of Mrs. Michael Farrell, West Lawn ave., while in the city. Mrs. Eddy Coyle and Mrs. J. H. Coyle are sisters of Mrs. Farrell, and Mr. Stack is her brother.

The Esther Beach Boat company gave a boat ride Saturday evening for the benefit of the Girl Reserve conference fund.

An ice cream social was given Saturday evening from 7 to 10 o'clock at the Mills home, Monona ave., to raise expenses for the Dorney lake conference. Music, dancing and fortune telling were part of the program.

Mr. and Mrs. Lathrop E. Smith have as their guests at their home on E. Gorham St. Mr. and Mrs. A. M. Fellows, Jr., and baby, Ruth, of Baxter Springs, Kas. Mr. Fellows is the grandson of Mr. Smith.

Miss Elizabeth Buehler, director of the Wisconsin School of Music, left today for Chicago to study piano under the direction of Prof. Joseph Lhevinne at the American Conservatory of Music. Miss Buehler will leave on Tuesday and Wednesday throughout the summer school for Chicago to take lessons.

Miss Gladys C. Duvall and Dr. Harold Poser were married Saturday at the home of the bride's parents, Mr. and Mrs. George Duvall, in Kewaupee. Dr. and Mrs. Poser will make their home in Milwaukee. The bride graduated four years ago from the university.

Mrs. Gordon E. Ohnhaus, N. Baldwin St., announces the marriage of her sister, Miss Alma I. Sime to Lamar Perogy which took place Saturday at Our Savior's church. Rev. H. M. Olsen reading the service. They were unattended. Mr. and Mrs. Perogy left on an auto trip to northern Wisconsin and will reside in Milwaukee after October 1. The bride is a former nurse at Bradley Memorial hospital. Out of town guests were the groom's mother and brother, Mrs. Perogy and Benton Perogy, Jr., of Milwaukee.

Miss Elma Reppen, bookkeeper for three years at the general hospital, was married June 16 to Hilmore Esser at the home of the bride's father, John Reppen, in Dane, by Rev. O. J. Preus of De Forest. Mr. and Mrs. Esser left for an outing at Merrimac and will be at home in Dane after July 15.

Mrs. Burr W. Jones, Langdon St., is visiting at Chippewa Falls. Mr. Jones returned Sunday evening.

Dr. and Mrs. Frank L. Drake, Mendota, will entertain informally at a dancing party Tuesday evening for their two daughters, Misses Elouise and Margaret Drake. Forty invitations were issued.

Billy Whiskers

By Frances Montgomery

In the mysterious building in which Billy and Billy had been caught there were cages of monkeys, parrots, guinea pigs, and other animals which had been dyed blue, red, yellow and green; guinea pigs, white mice and rats and prairie dogs all in one large cage reaching nearly the whole length of the room. There was also in this cage a dog and cat. On this cage was a sign which read, "The Happy Home."

"What sign explains everything," said Billy Jr. "We are in a menagerie and they have shut us in, expecting to show up off. Well, we will show them that it is one thing to catch us and another thing to keep us. Just hear those monkeys and parrots chatter and scold each other! I would go stark, staring mad if I was shut in this noisy, smelly room for an hour."

"Wait a minute, Billy," said Billy. "I am very hungry and those white mice and rats look pretty fat. I'll just eat a few of them while you look for the front door."

So saying he stretched the thin wires of the cage far enough apart to get one paw through, then wide enough for his head, then his shoulders and then, with a strong push, he was through.

The animals in the cage were so surprised at the daring of the deed that they sat and stared. The monkeys and parrots stopped chattering and sought the highest perch where they might watch in safety the daring robber's movements. The prairie dogs sat up on their haunches as stiff as wooden posts, while the gray and red squirrels who were having an argument about nuts where they were sitting in the corner of the cage with their backs to the door, forgot to turn and watch Billy. Billy went straight back eyes. The rats and mice did not try to catch him and he ate it up in a trice. Then the parrots, monkeys and prairie dogs began to look for a place to hide, and finding none went round and round in confusion.

The market which they made attracted the attention of their keeper who was in the next room preparing to feed the animals. As he came in one of the monkeys went through another which he had just found at the opposite end of the cage, from the cage of The Happy Home.

On seeing a huge black cat in the cage the keeper was so surprised as the animals had been and went to get a long stick with which he could poke them and make him get out of the cage. But while he was gone for the stick, Billy slipped out of the cage and through an open window on a roof, from which place, little by little, he made his way to the ground, by jumping from one roof to another, where he hid to wait for Billy Jr.

(Of course, Billy had the most unusual experiences.)

News Notes From Movieland

Anyone who has the mistaken idea that the life of a movie star is one of luxury and ease should read "Lucy Fox." After viewing this lively photograph of her you will probably decide that everyone ought to meet her anyhow. The girl who works from nine to four in a cool office and enjoys the pretty movie actresses, however, would soon change their minds after a day's spent with Miss Fox.

Miss Fox's services are in such demand that she is at present appearing for the camera day and night. By day she is appearing in the Marshall Neelan film, "The Lotus Eater," and at night she is playing in Fable pictures. It is no uncommon thing for her to work 16 hours a day between the two companies who employ her. Wonder when she gets her beauty sleep?

WEDDING BELLS AGAIN

Wedding bells are ringing so often, the bachelor girls in Los Angeles are becoming fewer and fewer, and the unmarried men simply haven't a chance to escape. The latest matrimonial bulletin from that favorite haunt of Dan Cupid—Los Angeles—is Kathleen O'Connor and Lynn Reynolds. Mr. Reynolds met Miss O'Connor while she was playing opposite Tom Mix. Mr. Reynolds was a Fox director and a fine chance to become acquainted with Miss O'Connor and study her type of beauty. It was while engaged in this occupation he lost his heart and persuaded her to say yes to his question.

LOUISE DU PRE SIGNS

Announcement has just been made by the Casco Productions, Inc., that the company has started a series of five-reel productions, adapted from a number of original mystery stories, and has obtained the services of Louise Du Pre, former understudy and "double" for Mary Pickford, for the stellar role in the first of these productions, which is almost completed and ready for release.

Miss Du Pre's engagement by the Casco Productions, Inc., is by special contract arrangement whereby she is loaned to this new producing company. The first production is being made under the working title of "Faith" and is from an original story by D. C. Rule.

TO MAKE "PETER PAN" HERE?

Among the stars, directors and writers due here shortly from the closed Long Island studios of Famous Players-Lasky is John Robertson, who, we understand, is to make "Peter Pan" on Hollywood soil. May McAvoy now heads the list of contestants for the coveted title role, and there is little doubt that it will be handed to her.

For the first time since becoming a Famous Players-Lasky star Ethel Clayton is to play an outdoor role. The famous stage play, "The Girl of the Golden West," which she is now making in California will furnish her the opportunity to be an outdoor girl.

Heart and Home Problems

By MRS. ELIZABETH THOMPSON

Dear Mrs. Thompson: This being I graduated from college, it is customary for the girls in the senior class who have become engaged to attend a breakfast given especially for engaged girls. I am afraid that the desire to attend that breakfast made me do a very foolish thing. I became engaged shortly before.

Now that school is over and I have returned home I have seen and heard a great deal more for him than I care to let him know. He lives in my home. His friends live in my home. He seems to be very busy every day and seems to be in a hurry to get to his office. He is expecting to come to see me in two weeks. The trip will cost a good deal and when he comes I hate to disappoint him with the news that I do not love him.

Do you think I should write him a letter, or should I let him come and tell him then? TOMMIE.

My dear little girl, you have done a very commendable thing. Unless you change your methods and show more respect for love you will cheapen your feelings until you are unable to know a deep love. When a man proposes to a girl, he is paying her the highest tribute he can; he is asking her to be his life companion and the mother of his children. It is dishonorable for the girl to treat his feeling lightly and to become engaged temporarily simply for selfish reasons.

Write the young man just as nice a letter as you can. It would not go far to let him spend the money to go to see you only to hear the news you have for him.

Dear Mrs. Thompson: I have been married about two years and my husband is good to me about most things. There is one thing, however, which causes trouble between us. My husband has a father and unmarried sister. They live together. The sister is 35 years old and the father is 70. I can get along with my husband's father all right, but I can't stand his sister. She thinks that she is right and she is always complaining about having to do so much. I know she is not half as sick as she pretends to be. She wouldn't do anything if she could get someone to do it for her.

I make all my own dresses and I make the clothes for my baby.

Keep Your Blood Pure In Summer

Many fever epidemics are caused by impurities in the water supply and are ended only when the water is purified. Likewise, many blood disorders, such as eczema, tetter, pimples, boils, blackheads and rheumatism are caused by impurities in the blood supply and can be stopped only when these are driven out. Purify your blood and keep it pure by taking S.S.S. You could have no better health insurance.

Now my sister-in-law thinks that I ought to make her dresses, too. She could afford to go to a dressmaker if she would, but she refuses. My husband and she think I am unreasonable when I say I am too busy to do sewing outside the family.

Am I right in holding my own over this matter and saying I cannot do it? HELEN H.

Yes, I think you are right. If you had nothing else to do it would be a kindness to sew for your sister-in-law, but if you have to do so when you are already very busy, you would be using your strength when it should be saved. Be sweet but firm in your refusal.

Dear Mrs. Thompson: I am worried about my little boy. He is getting very thin and will not eat. He also grows tired easily. Will you kindly recommend a tonic I could give him? MRS. J. K.

Do not give your child a tonic. Take him to a physician and see what is the cause of his poor health. Such a matter should not be neglected.

Dear Mrs. Thompson: What will prevent freckles? JUNE BUG.

The skin should not be exposed to the sun. It is well to apply cold cream to the face and then powder every time before going out into the sun. Of course a shade hat should be worn or a parasol carried.

A DAY'S RECIPES.
Jelly Roll—Have ready two eggs, one cup sugar, two-thirds cup milk, one and one-half cups flour, two teaspoons baking powder, one-eighth teaspoon salt, one-half teaspoon vanilla.

Beat eggs and add sugar. Continue beating. Mix salt, baking powder and flour and add alternately with milk. Add vanilla. Spread thin on a buttered and floured dripping pan. Bake 10 minutes in a hot oven. Remove from pan to a towel put on a damp cloth. Cut off the crust on the top edges, spread with jelly and roll. Wrap the towel around and roll till cool enough to cut.

Strawberry Pie—Use one quart strawberries, three quarters cup sugar, one teaspoon butter, one-half teaspoon cornstarch, one egg (white), two tablespoons sugar. Cook with sugar for 10 minutes. Add butter and cornstarch dissolved in a little cold water. Cook till thick. Let stand till cool. Turn into a baked pie shell and cover with meringue. To make meringue beat white of egg till stiff and dry. Fold in sugar. A tablespoon of water may be added to the white while beating. Brown meringue in a moderate oven.

COOKING HINTS.

A Few Spoonfuls of sweet milk added to water in which eggs are to be poached will prevent them from spreading.

Cream Peanut Butter with your shortening when making dark cake, spice cake or cookies and you will find that it gives them a new and very delicious flavor.

When Baking Potatoes wash and dry them and rub them over with some kind of grease. When baked they will have a rich, satiny look and the outer skin will peel off as thin as tissue paper, leaving the rich, nutritious part under it to be eaten instead of wasted as usual.

SUGGESTIONS

To Make a Pasteboard waste basket take four pieces of pasteboard 18 inches long, nine inches at top and eight at bottom. Punch holes at each side, top and bottom and tie together with ribbon of the same shade as the cardboard; the dark tones are the prettiest. Cut a piece of cardboard to fit in the bottom and you have a neat inexpensive waste basket for bedroom or sewing room.

To Extract Thorns or Splinters from the fingers, nearly fill a small-necked bottle with very hot water and then press the affected part tightly over the neck, so as to prevent the steam from escaping. This will soften the flesh and bring the splinter to the surface.

The Nipple Baby's Bottle will not collapse if a sterilized cord is placed across the center of the opening of the bottle before the nipple is put on. The rubber nipple holds it in place.

Select Fairly Thin Dishes for use in the ice box, for thick dishes take up and hold heat. Dishes of enamelware or glass are better than those of heavy earthenware.

At The Theaters

AT THE GRAND.
Zane Grey's ability to tell a story is emphatically brought forward in "Desert Gold," at the Grand. He can elaborate the familiar Western formula with the results that his stories stand out not only for their vivid action but for their vitality of plot and characterization. "Desert Gold" presents a different mixture of the ingredients. In the picture, which is seven reels in length, fight succeeds fight, thrills succeed thrills and all these melodramatic trimmings are emphasized with pictorial embellishments which are a treat to the eye. The story has been vitalized with dramatic touches. The stand storm is immense. The cast includes Elma K. Lincoln, James Morrison, Frank Lanning, Edward Coxen, Margery Wilson, Eileen Percy and others. The picture will run at the Grand today and tomorrow.

"Nobody loves a fat man." "You're dead wrong," says Roscoe (Fatty) Arbuckle.
See why in Mr. Arbuckle's new Paramount comedy, "The Traveling Salesman," which is now being shown at the Majestic theatre. Betty Ross Clark is the leading woman. As an added attraction Miss Marionette, an exceedingly pretty young lady, rendered several novel dances, she is light and graceful, and her dancing won instant favor last night. Miss Marionette was with Julian Eltinge, and comes from The Marigold Gardens in Chicago. A Torchy Comedy and latest news weekly complete the program.

"ROUNDY" TO COVER FIGHT; SPETHS WIN BATTLE

LEAVES MADISON TUESDAY FOR SCENE OF BIG RING BATTLE

Boxing Expert Of Times Staff To Witness Fight; Pick Winner

The Capital Times will carry first hand news of the Dempsey-Carpenter world's championship boxing battle. John "Roundy" Coughlin, conductor of the sporting column, Roundy's Razzberries, will attend the big fight and will give boxing fans in Madison all there is to be known about the two men, their appearances and conditions, and details of the fight on July 2, in the columns of The Capital Times.

Roundy will not only see the fight and tell the fans about it, but he will furnish the fans with special stories from both the Dempsey and Carpenter camps in advance of the big day. After seeing both men in action on the day before the melee, he will write a story to The Times on the night before the fight, picking the winner.

At the fight Roundy will have a ringside seat. An expert on boxing, he will keep the fans in touch with the happenings at the scene of battle prior to and throughout the fight. After he returns he will have a store of details, many of which no other paper in this part of the country will print, which he will write for his column.

Madison ring fans want Roundy right at the scene and they have taken it upon themselves, with the co-operation of The Capital Times, to send him there. John Kelley, general contractor, was the man to start the ball rolling, and with the assistance of Carl Moe, city treasurer, John Conlin, chief clerk of the Milwaukee road here, and Eddie Trainor, of Trainer Bros., he has succeeded in raising upwards of \$275 to send Coughlin in first class style and get him close to the padded arena. The Times contributed about \$60, including the ringside seat ticket.

With Roundy at the fight, Madison fans can expect the right dope, and Roundy promises to keep his "eagle" eye open to everything about him.

Ruth Forced To Try New "Bunt" System

NEW YORK.—The sight of Babe Ruth, the home run king, laying down a bunt along the third base line is likely to become familiar to fans around the American League circuit than heretofore. Several clubs have adopted a special defense against the slugger, moving the third baseman toward the shortstop sector, the shortstop to second base, with the second baseman playing in short right field. Manager Huggins and Ruth believe they can "cross" their opponents with an occasional bunt and succeed in drawing them back into positions making longer hits easier to obtain. Ruth on two or three occasions this week tried out the scheme.

Potato Experts To Tour Badger Fields

Potato buyers and experts from the South and East will make a tour of Wisconsin potato fields in August, visiting particularly the certified fields, according to the Wisconsin Potato Growers' association. Wisconsin seed potatoes are making a national reputation since the Growers' association and the experiment station have been cooperating in the certified seed program. The tour will cover the principal potato counties and will give the visitors a chance to see hundreds of field experiments under the direction of the experiment station. Following is the itinerary: Monroe county, Aug. 1; Marinette county, Aug. 2; Forest and Oneida counties, Aug. 3; Price and Rusk counties, Aug. 4; Barron county, Aug. 5; Spooner, Aug. 6, where the trip will end.

Following Roundy On His Way To The Big Fight July 2

Tuesday—Roundy will leave over the Northwestern road for Chicago Tuesday night. His sleeper will leave Chicago during the night.

Wednesday—Enroute to Philadelphia. Arrives in Philadelphia some time Wednesday.

Thursday—Arrive in Atlantic City, Ga., and will go out to Jack Dempsey's training camp to see the champion workout. Roundy will spend all day at the camp and will write a story to The Times Thursday night on Dempsey's condition. Returns to Philadelphia, enroute to Philadelphia, enroute to Philadelphia.

Friday—Will visit Carpenter's camp at Manhasset, L.I. all day Friday. Roundy will return to New York Friday night.

Saturday—Roundy will watch the men weigh in at Jersey City and will see the fight. He will return to New York Saturday afternoon and leave for Madison by the Great Lakes Saturday night.

ROUNDY'S RAZZBERRIES

The Varsity crew made a great showing at Duluth Saturday. They were at least outweighed 15 pounds to the man when the starting gun was fired.

The thousand of old Wisconsin graduates in the stands were loud in praise of the old Wisconsin spirit that the crew showed against great odds.

The Duluth papers say some great things about the great showing the Badgers put up.

And do not forget that Toefor our bow man and Fauerback, two local youths and graduates of the Madison high school, were the outstanding stars of the Badger boat. And don't forget to give the boys the glad hand on their return home.

Well the Speths beat Sun Prairie yesterday in a fast ball game here. It was a nice thing to see Cairns get gilt edge support from the local players as to break his hard luck.

The Sun Prairie boys got two runs in the first inning without the resemblance of a base hit. But after that they nearly wore the sod out from home plate to the bench.

Pete Pederson, the Speths' new third baseman, made a home run with 3 men on the sacks. Tester, the visiting outfielder, did the ground keeper at the park a great favor on that hit.

Tester tore all the weeds and grass out of the park looking for the ball.

Pederson of the visitors played a nice bang-up game at short stop. And Carroll's keystone mate, was also in the limelight in the fielding cadd.

They are easily the best pair in the league working to gather around the short field.

Old Smiley Smith played a nice game back of the log for the visitors. The boys were not running high wild as they thought they would.

This win is just what the Speths needed. They have a good ball team right now and they will have nice crowds with that team the rest of the season.

Bob Beyer, on second base for the Speths, played a nice game. There is no player in the league that has anything on him as an all around player.

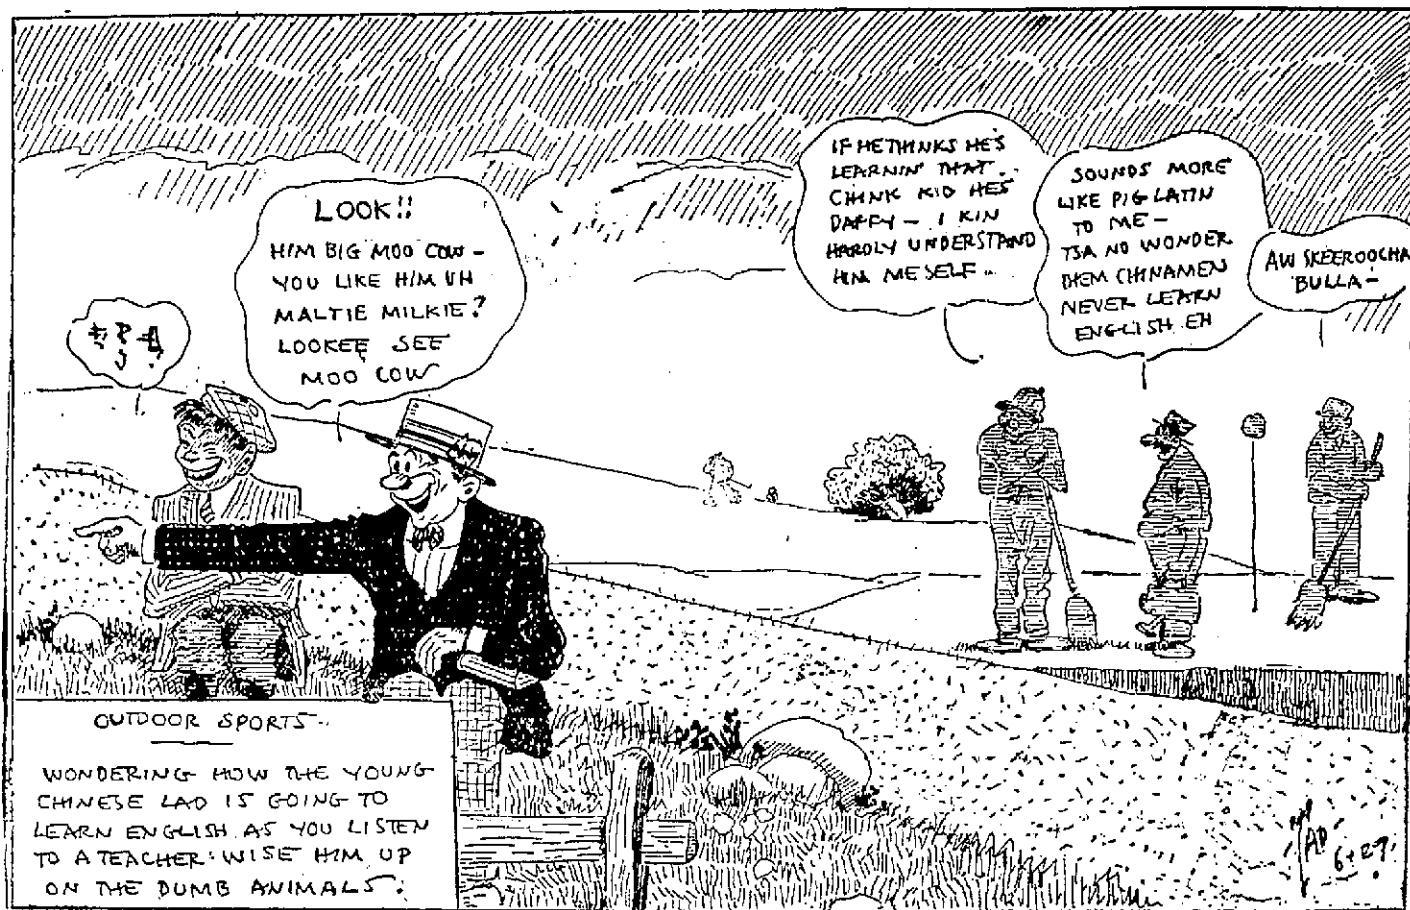

The Speths want to hold right on to Cairns. This bird is a nice ball pitcher. He has all the stuff in the world and I never saw him as yet get excited in a game.

He has more stuff on the ball than La Hail the other pitcher, but this La Hail is a valuable man to a ball team. He sure is a sweet little biter.

Tester and Hein, the heavy hitting artillery for the visitors, were like a couple of new born babies in hitting at Cairns' curves.

There was a fair crowd there. It was raining from 2 o'clock to the time the game started. I judged there were about 700 fans in the seats, and there was at least

BIG ARENA FOR CHAMP MATCH IS COMPLETED

\$200,000 Structure To Seat 70,000 People; Many Women To Attend

NEW YORK.—The greatest arena Tex Rickard has built is ready to accommodate approximately 70,000 spectators when Champion Jack Dempsey meets Georges Carpentier in Jersey City, July 2.

Since April 28, more than 600 workmen have been distributed over all sections of the huge octagonal saucer which grew daily under their tattoo of hammers until today, when their labor was completed. The great reinforced structure, covering nearly a third of the tract known as "Boyle's Thirty Acres," awaits the inspection of government engineers and the installation of telegraph wires through which millions of persons will see the "Battle of the Century" through their minds' eyes.

The arena is the largest ever built by Rickard or any other promoter for a boxing contest. It exceeds by far the amphitheater in which Johnson and Jeffries met in 1910 at Reno, Nev., and also the title to Jack Dempsey at Toledo, O., two years ago. It has been built at a cost of \$200,000. Two and a half million feet of lumber, equal to 475 miles of boards, laid end to end, or about 140 car-loads, have been used in the construction.

Holders of reserved seats will be protected at Jersey City, on July 2. Long experience in the psychology of "fight crowds" has taught Tex Rickard the wisdom of precaution. Fences, with barbed wire barricades, will mark the limits of the various seat sections, to which the crowd will have access through 20 entrances. Every seat, except the \$5 general admissions, has been reserved.

Advance sales have indicated that a greater proportion of women will attend the bout than has ever been the case in a title match heretofore. Rickard has declared that nearly one-fourth of the crowd will be composed of feminine spectators. Boxes, immediately in rear of the \$50 seats, have been constructed with the aim of accommodating "box parties" comfortably.

Two thousand on the free seats on the railroad tracks.

Jerry Wiedenbeck, the catcher, handled Cairns in the best shape of all season back of the bat. He was on his toes all the time yesterday.

EDDIE DE BEAU TO MEET OTTO WALLACE IN MADISON BATTLE

Principals For Windup In Next Show Are Picked By Jack Boyd

The principles for the windup of the big boxing show to be held here July 11 or 12 have been signed up, according to Jack Boyd, boxing promoter. Eddie De Beau of St. Paul will meet Otto Wallace of Milwaukee in the main 10 round event at 135 pounds. Wallace, the classy Milwaukee slugger, was billed for the last boxing show staged at the Monona auditorium, but on account of a carbuncle he was unable to make his appearance. But fans will enjoy a much better fight this time as De Beau is of the same aggressive type that Wallace is and it is unnecessary to foretell the results when two real fighters get together. There are to be four bouts for the windup, two six round bouts for certain raisers and an eight round affair for the semi-final. Battling Dummy Roberts of Madison will undoubtedly be one of the scrappers in semi-final. Promoter Boyd has been negotiating with another 162 pounder for his opponent.

Kid Monahan has been secured as one of the participants in the 160 pound class, and Kid Trainor, also of Madison, has been signed up for 124 pound curtain raiser. Manager Boyd has a list of opponents for these men, but has not decided which ones he shall bring to the Madison show.

The boxers signed up are already in training for the fracas, and followers are looking eagerly forward toward the event.

French To Send Team To Big Tennis Tourney

Slugging Outfielder Is 15 Days Ahead of Schedule; Cubs Lose

NEW YORK.—Babe Ruth hit his 27th home run of the season Sunday, equalling half of his 1920 record of 54. The hit was made off Mogridge of Washington in the third inning, with one man on base. The Yankee slugger is 15 days ahead of his 1920 program, when he made his 27th home run July 11. New York has 10 games to play before reaching the half way mark of the season. New York turned in a 9 to 1 victory over Washington. Rice made a triple and three singles in four times at bat.

Pirates Defeat Bruins

CHICAGO—Pittsburg defeated Chicago in the first game of the series on Sunday, 11 to 3. Alexander was hit freely and was given poor support, while Adams was steady all the way.

Tygers Wins

CHICAGO—Two consecutive home runs by Heilman and Veach in the sixth inning clinched Sunday's game for Detroit over the White Sox, the final score being 10 to 8.

Braves 7; Dodgers 4

BROOKLYN, N. Y.—Boston made it two out of three from Brooklyn by defeating the Dodgers, 7 to 4. Cadore weakened in the ninth, when the Braves scored five runs on five hits, including a home run by Cruise with two on base.

Indians 15; Browns 1

CLEVELAND, O.—Cleveland hammered three St. Louis pitchers hard and won the second game of the series, 15 to 1. Cleveland batted around in the fourth inning, when they made seven hits and eight runs.

ST. LOUIS, Mo.—A single by Fournier, a double by Hornsby, and a pass to McHenry, followed by Lavav's triple, gave St. Louis three runs in the eighth inning and enabled the Cardinals to beat Cincinnati 5 to 2.

Madison Tri-County Team Whips Sun Prairie 4 To 2

Speth's Clothiers strengthened themselves in the percentage column yesterday afternoon, when after Sun Prairie had garnered two runs in the initial act of their scheduled nine inning combat at Kipp field, the local boys came back strong and prevented their foe from scoring again. Speths counted four men across the scoring plate before the last session was completed. Sun Prairie scored twice on a wild throw by Peterson, who more than made up for that bad heave by having an unusually good day at the bat. He poled a double and a home run. He drove out his double in the second frame when he was first man up. His homer came in the fifth frame after Dickert and Wiedenbeck had both singled, scoring three runs and sewing up the game for Madison. Peterson's circuit clout was a hard line drive that hit and got lost in a hedge fence in center field. Madison's other run came in the fourth inning after Dohr had grounded out, H. Beyer tripped to center and scored on his brother's drive to short.

In the field the Beyerers starred for the Speths. H. Beyer in left, accepted six chances, one of which was a long drive in the sixth when there were two out and the bases were loaded. R. Beyer also had a total of six assists and putouts. With two on in the sixth frame Dohr made a spectacular catch as he ran from close to short to deep right field for Carroll's Texas leaguer. For Sun Prairie, Peterson, short stop, made a similar catch in the same inning when he ran far back of third to spear Hoven's fly, thereby robbing the latter of a hit.

Sun Prairie got six clean hits off Cairns but they were scattered and did not count for much, although it was only good fielding and support that carried Cairns through the tight pinches in the sixth and eighth frames. La Hail, Madison boy, and Schmitt, the visitors' battery each touched Cairns for a brace of hits. Of the six hits that Speths reeled off Dickert and Pederson each unloaded two.

A sun shower kept Manager Zaack off the Speths from starting the game until 3 o'clock. R. Peterson, the first man up for Sun Prairie, slugged to right field. Hein lifted a sky scraper to Dickert in right field who dropped the ball, and gave the visitors' captain a life on base. Schmitt rolled a slow one down between Cairns and Pederson, both of whom got their singles mixed up. As a result, Hein advanced to second and Schmitt also got a life on first. La Hail went out on an infield fly to R. Beyer, Cairns walked Carroll, filling the bases. With two out, Tester lined one down to third to Peterson, who fielded the ball perfectly, and had years of time to make the out, but he made a bad throw and the ball went into the bleachers. Hein and Schmitt both crossed the pan for the visitors' two lone runs while Carroll advanced to third and Tester stopped at second on the play. And Spohn retired the side on a grounder to second.

In the second half of the first inning, Sun Prairie got away with a pretty double play, after Wiedenbeck had fied out to Hein. Dickert had singled to left, when Berrian drove a liner over the second baseman's head.

Madison attempted a rally in the second. Pederson doubled, Al Dohr worked La Hail for a walk, and H. Beyer advanced them both with a pretty sacrifice, but R. Beyer popped out to La Hail, and Hoven retired the side on a grounder to short.

In the fifth Gorman doubled to center after Hanson struck out, and advanced to third on R. Peterson's grounder only to have Hein end the inning with a feeble fly to Pederson. The fifth frame was the lucky

Stolen Bases: Wiedenbeck, first man on the list lined a single to right, and took second as Dickert burned one through shortstop. Berrian laid down a pretty sacrifice bunt in front of La Hail who made the out at first. Pederson took a chance at he first one offered, and almost tore the cover off the ball as he drove the pill through the center field fence. But Dohr and H. Beyer retired the side.

Sun Prairie almost tied the count in the sixth as Schmitt scorched a clean single through Dohr. Dickert forgot to move over toward the foul line when La Hail a left handed batter came up and as a result La Hail obtained a clean double to that garden on a drive that should have been an easy catch and out. With La Hail and Schmitt on second and third, Dohr played in close, and made a wonderful catch of Carroll's drive to left infield. Tester almost banded Cairns as he burned a hot liner at Smiley that tore his glove off. In the first of the seventh R. Beyer made a perfect stab and throw of Peterson's drive off second to first. Reynolds Throws Monkey Wrench

Chicago Financier Opposes Plan Of The Morgan Interests

PRESIDENT HARDING walked right into a hornet's nest when he asked authority from Congress for the secretary of the treasury to refund the debt of some ten billions of dollars which our recent associates in war owe us. The hornets in this case are not merely a number of members of the Senate who will oppose the measure. Far more formidable is the opposition which has suddenly developed from a quarter from which the President may least have expected it—from a group of bankers.

On the very day on which the President's request was transmitted to the Senate through Boies Penrose, a dinner was given at the White House to some twenty-five middle western bankers. It started out as a love-feast, thoroughly enjoyed by all present, until the touchy subject of the country's financial position was brought up for discussion. Then the fun began.

George M. Reynolds, chairman of the board of the Continental and Commercial National Bank, Chicago, suddenly spoke up. He minced no words. He told the president and secretary of the treasury Mellon, who also partook of the repast, frankly that their proposal for extending additional credits to the debt-ridden countries of Europe by refunding their obligations was all bosh. Moreover, the proposal to resell these obligations to the people of the United States in the form of long-term foreign bonds was merely "adding a further complication to the existing situation."

To understand what this "further complication" would mean it is important to remember that the American banking world is roughly divided into two sets—those who are interested in the international money market, who hold industrial securities from foreign countries and bonds from foreign governments, and those who are interested in American securities, trade and financing. The international group is centered in Wall Street under the leadership of J. P. Morgan and Co. It is this group which prevailed upon Harding and Mellon to propose the refunding of the allied debt. There was no other choice—either they succeed in having their foreign papers unloaded upon the American people through the refunding scheme, or they face the fact that Europe will default payment and all their securities become so much paper.

George M. Reynolds spoke for the group interested in American industrials. "There is sound logic," he calmly announced, "in the proposal to cancel Europe's debt to the United States government. It may be diplomatically unwise, but it would be economically sound, and certainly not altruistic."

He spoke from the viewpoint of his group. That group will not suffer much if the whole Allied debt is wiped off the books. His group holds few Allied securities. Let the Morgan group of eastern bankers worry!

But his group would suffer severely if at this time an attempt were made to re-sell the European obligations to the people of the United States. The plans of his own group for the rehabilitation of American industry would be all shot to pieces. Hence his fear of "adding another complication to the existing situation."

Moreover, as he pointed out at the dinner, the foreign debt could only be discharged eventually in goods. In other words, the manufacturers for whom the Reynolds group acts as bankers would find themselves undersold by the foreign goods dumped on American soil, and the value of their securities would sink still lower. "Improvement in Europe is not worth buying at the price of American impoverishment," he argued. The projects for stimulation of an unnatural volume of foreign trade, he added, were unsound and injurious to American welfare.

Reynolds' verbal bomb, hurled, it is stated, with the approval of many of his middle western conferees, has precipitated an open row in the financial world which will wax hotter.

Meanwhile it is amusing to note that the account of the President's dinner as reported in the New York Times, the official mouthpiece of the eastern financial group, does not mention a word of Reynolds' remarks. Adhering to its policy of bringing only "all the news that's fit to print," it remarks that "it is said that a note of optimism was sounded by most of the bankers."

WHY THE DIFFERENCE?

JUST why is the principle of the surtax all wrong when used to lighten the taxation burdens of the people and very acceptable when it can be used to raise money for big parks in the stalwart districts of the state?

Throughout the entire session just closed the principle of the surtax was denounced whenever it was proposed to use this plan to more equitably distribute the taxation burden.

In the closing days of the session, however, the stalwarts suddenly became converted to the idea when it proposed to raise \$350,000 for parks in the state.

ANOTHER ESPIONAGE ACT
[To The Editor]—May we call to your attention the Sterling Sedition Bill (S. 1375) recently reported favorably by the Judiciary Committee of the U. S. Senate, and now on the calendar for debate?

The bill is similar to that which passed the Senate a year ago, and was defeated in the House by the efforts of those opposed to a peace-time "espionage act." It punishes the advocacy in speech or print of "the overthrow, by force and violence, or by physical injury to person or property, of the Government of the United States or of all government," or advocacy of "a change in the form of government, the constitution of the United States or resistance to the authority thereof," by the same means. It closes the mails and all other means of transportation to all "written or printed communications" construed to advocate such methods.

To offset the effect of the bill, Senator Borah has introduced an amendment to punish any federal official "who... oppresses... or intimidates any person in the free exercise or enjoyment of any right or privilege... guaranteed to him by the constitution or laws of the U. S."

The chief arguments against any federal peace-time sedition law are: 1st. Already the provisions of the federal Penal Code (Secs. 6 and 332) effectively reach any conspiracy to "overthrow the government." 2nd. Such a law in practice would be used, as similar laws have always been used, to jail persons advocating radical ideas without thought of violence. The language of the bill is so vague as to leave wholly to the caprice of local officials the definition of the crimes under it. 3rd. The courts hold that under such laws words can be punished merely because of their supposed evil tendencies (the doctrine of "constructive intent"). 4th. The bill establishes a censorship over the press in advance of publication. The bill is a product of the anti-radical hysteria, meets a wholly fancied situation, violates the principles of free speech by punishing more words in the absence of overt acts, and is particularly undesirable in view of similar objectionable sedition laws already on the books of 36 states.

FOOLED AGAIN
These people who run comets Have got to mend their ways. Three or four times lately They have got us all ready For the end of the world and Have got us all excited, Figuring how much we would save By having the end of things. This time we were told again That a comet would swish us With its fiery tail and Anything might be expected. And we got out the dress suit And the white gloves, and sat in the living room with a hily in our hands, waiting In our most respectable attire For the millennium. Along about two in the morning We were still all dressed up With no place to go, and had About given up, when suddenly There was a tremendous Gust of wind and a crash

That knocked us off the chair. And we lay there for an hour And finally opened one eye And saw that the wind had Blown an awning through one Of our windows, and it cost Us \$14 for new awning and glass. Besides the expense of getting The dress suit pressed. These comet sharps have got To quit fooling us. That's all.

A little exercise after the hush is a good thing, according to a physician. One good way to get it, according to a contributor, is to step on the soap.

THE COOL HOUSE MODE.
Dear Roy—Whadeya think They're gonna model woman's dress after Colonel House's speeches—short enough to be interesting and long enough to cover the subject. Emmet Connolly.

Comets do not live up to their press notices.

A FABLE
Their social positions were beyond reproach. Their wedding was the most brilliant of that season. It was attended by diplomats and dowagers of high degree. They lived together for several years and had several children. To the amazement of everyone in their set, they continued to live together happily.

So far as any one could see, there was not a cloud on their matrimonial horizon.

There was never a hint of "another man" or "another woman." Their children grew up into fine men and women.

And they continued to live together. After they had been married forty years everybody said it could not last much longer.

Yet neither of them made any move to secure a divorce.

He became a very rich man and always took his wife wherever he went.

He even took her on his yacht and on all his trips to Europe.

Finally they both died, after living together sixty years.

This is not, of course, a logical conclusion, but this is the way it happened.

As somebody has said, it is a queer world.

Plymouth Rock Is Again Put Together

PLYMOUTH, Mass.—Plymouth Rock has been put together again. The boulder took on something of its original aspect when the three pieces into which it had split since the forefathers landed on it, were taken out of a nearby building and joined on its former site. The rock now entirely exposed will be covered with a canopy.

Beekeepers To Meet In Chippewa Falls

The Wisconsin Beekeepers' summer conference, which has been held in Madison for the past three seasons, will be held in Chippewa Falls on Aug. 15-20 this year, according to announcement of the state beekeepers' association. The great increase in honey production in Wisconsin during the past few years, and the growth of a large industry for the manufacture of beekeepers' supplies, has stimulated interest in bees and honey, according to association officials.
